Bertha MN 56437

Dear mayor and clerk,

Greetings! This letter is in regards to guidelines for placement of trash and recycle carts on the service day. Our concerns are regarding when there is snow present in addition to where a cart is placed (elevation). If a cart is placed too high, the automatic arm is not able to reach it.

Residents shall place the trash and recycle carts roadside, curbside or alley for pick up. Carts should be at street level and within 6 feet of the edge of the roadside. Carts should be set out either the night before service day or by 6 am of service day.

Please feel free to contact us with any questions or concerns. Thank you.

Sincerely,

LPS, Inc
